

Have an old computer taking up space?

Staples® Computer Recycling Event

April 22–April 30, 2006

Bring your old computer to a participating Staples® store, make a \$10 donation* to the local school district, and we'll recycle your old system for you.

For more information, visit www.staples.com/recycle.

*The donation per item (e.g., computer plus monitor or laptop) is \$10. Limit one recycled item per person per store. Store managers may further limit recycled items accepted based on store capacity, excess volume and similar factors. Recycled items must be dropped off in person at a participating Staples store. All donations will be given to the school district in which participating Staples stores are located. All donors will receive a Staples coupon good for \$10 off their next product purchase of \$40 or more in store. Event runs April 22–April 30, 2006.
